

RAHINI KATHIRVELU

Co founder | Product Manager

San Jose, CA | rkathirvelu@dons.usfca.edu | (408) 403-0724 | LinkedIn

SUMMARY

Product Manager with experience building AI-enabled, health-tech, and early-stage products across strategy, discovery, and execution. Proven ability to turn ambiguous problems into shipped prototypes and measurable outcomes, working cross-functionally with engineering, design, and leadership. Background in entrepreneurship, consulting, and user-centered design.

EXPERIENCE

Apple × USF Malloy Group

Product Manager, Student Consultant

San Francisco Bay Area | Sep 2025 – Dec 2025

- Led product strategy for an AI/ML workflow automating Jenkins build-failure analysis, reducing manual debugging effort.
- Defined vision, roadmap, and success metrics for an LLM-integrated CI/CD pipeline.
- Built and coded a functional prototype to validate feasibility and developer adoption.
- Applied Design Thinking + Agile, managing sprints, user stories, and workflow documentation.
- Conducted feasibility and scalability analysis for enterprise-grade LLM deployment.

Meo Health

Product Manager Intern (Part-time)

San Francisco Bay Area | Jan 2026 – Present

- Partnered with CEO and engineers to manage feature enhancements and new releases for a digital wellness platform.
- Conducted user testing and usability studies, translating insights into prioritized product changes.
- Logged and triaged bugs and feature requests in Linear, ensuring on-time delivery.
- Synthesized customer support feedback into actionable product requirements.

Mariana AI

Product & Growth Specialist

USA | Oct 2024 – Mar 2025

- Secured 2 hospital clients, generating \$350K in new revenue.
- Improved email CTR by 2.3% and increased website conversion through funnel optimization.
- Streamlined onboarding workflows, accelerating product adoption in U.S. healthcare market.

Alte Moda

Co-Founder & COO

UK | May 2022 – Jul 2024

- Led end-to-end product development of a Web3 digital fashion platform, from ideation to MVP.
- Defined product roadmap, revenue model, and financial projections.
- Managed cross-functional design and engineering teams; validated product-market fit via incubator participation.
